

Issue Date – AUGUST 2014

MONOFUSE GORE-TEX® BOOT

SIZE: 37-50 EUR

TECH TOURING / ALL-WEATHER RIDING

A revolution in the world of Tech Touring footwear, the MonoFuse is constructed from premium main materials and an integrated GORE-TEX® membrane for unsurpassed waterproofing and breathability. With its innovatory buckle closure system allowing for a lighter, more comfortable and ergonomically profile boot, the MonoFuse GORE-TEX® is superbly optimized for long distance riding.

MONOFUSE GORE-TEX® BOOT KEY FEATURES:

- Upper constructed from premium full-grain leather, offering high levels of comfort, durability and abrasion resistance.
- The Mono Fuse GTX Boot is CE certified.
- Ergonomic shaping for forefoot streamlining to enable greater control of the bike's controls and for superior, wide-ranging foot profile, fit and comfort.
- **Buckle closure system:** Closure system allows for easy and rapid in/out plus a secure and highly personalized closure. The reverse buckles are made from an aluminum compound for greater abrasion performance. The ergonomic buckle is attached to a durable dual density TPU mounting and is constructed from a technical compound aluminum for greater abrasion resistance.
- Extensive instep and Achilles accordion flex zones constructed from microfiber for superior comfort, extension, control and support.
- Integrated waterproof and highly breathable GORE-TEX® membrane for unsurpassed all-weather performance.
- Highly flexible sole features Alpinestars' exclusive rubber compound for the optimal combination of comfort and grip.
- Internal high modulus polyamide midsole with integrated shank reinforcement for structure and support to the arch area.
- Hot-melt reinforced shin plate for weight-saving and additional protection against knocks.
- Injected, high modulus TPU shifter area integrated on the forefoot for durability and abrasion resistance.
- Internal toe box and heel counter protection is layered under the upper for durability, improved feel and performance.
- Top rear collar incorporates breathable mesh insert for comfort and fit around the calf area.
- Breathable textile interior lining throughout boot.
- Advanced foam padding envelopes ankle area for fit and comfort. Double density ankle protector on medial side is layered under the upper offers protective performance in key area.
- Rear reflective insert for improved visibility.
- Removable anatomic foot-bed includes EVA foam and Lycra® for comfort and support.

INNOVATION FOCUS

Introducing Alpinestars innovative closure system: an extremely quick and convenient closure system which envelopes 360° around the Achilles and securely and tightly fastens via a lateral-side reverse-action pump ratchet. A revolution in tech touring footwear, the design allows excess material and components, especially on the medial side, to be removed giving the boot a light and more ergonomic aspect and is ideal for long distance riding. Attached to a durable dual density TPU mounting the ratchet buckle allows for a highly personalized fit and is constructed from a technical compound aluminum for greater abrasion resistance. The ratchet strap is replaceable.
